DETAILED ACTION***Remarks***

1. In view of indicated allowable subject matter in previous office action, the cancellation of claims 29-35 has put all the remaining claims in a condition for allowance.

Allowable Subject Matter

2. Claims 12,13,15-28 and 37-43 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 12, the prior art of record does not show a skeleton type brushless motor comprising: a rotor having a shaft in a center thereof; a first stator core including a first semicircular inner profile, a second stator core including a second semicircular inner profile wherein said second semicircular inner profile faces to said first semicircular inner profile and a first separation space exists between said first stator core and said second stator core, and a second separation space exists between said first stator core and said second stator core at an opposite side; wherein outer profiles of said first stator core and the second stator core near the first separation space or the second separation space, protrude outwardly away from said rotational shaft as said outer profiles progress toward the end of the first stator core or the second stator core.

Regarding claim 37, the prior art of record does not show a skeleton type brushless motor comprising a rotor having a shaft in a center thereof; a first stator core having a first rotor receiving part, a second stator core having a second rotor receiving
